

Did you know that..

90%
OF WILDLAND FIRES ARE

HUMAN CAUSED?

- 🔥 Only have a campfire in an **approved and designated area**
- 🔥 Take care to **properly dispose** of matches and cigarette butts in a closed container (never flick them out a window)
- 🔥 If you're pulling a trailer or boat make sure your **chains aren't dragging** (chains can create sparks and cause wildfires)
- 🔥 Plan ahead: know what **fire restrictions** are in place where you are going and check if campfires and/or barbeques are allowed.
